SYMPTOMS OF NOROVIRUS

Symptoms may appear 12-60 hours after exposure to the virus.

Often a person will have the following symptoms:

- Vomiting
- Watery Diarrhea
- Abdominal Cramps
- Nausea
- Headache
- Low grade fever
- Chills
- Muscle Aches
- Fatigue

The illness often begins suddenly, and the infected person may feel very sick. The illness is usually brief, with symptoms lasting only about 1 or 2 days. In general, children experience more vomiting than adults.
