Immediate Release

Dickinson-Iron District Health Department encourages local business contact them to receive guidance on Covid-19

Kingsford, Michigan – May 1, 2020. The Dickinson-Iron District Health Department would like to support local businesses with their plans to reopen as executive orders are lifted. More guidance will become available in the upcoming weeks as Governor Whitmer initiates “waves” of reopening. In the meantime, the Dickinson-Iron District Health urges local businesses to reference the current CDC interim guidelines on how to plan, prepare and respond to Covid-19.

The Dickinson-Iron District Health Department knows how important the lines of communication will be in upcoming weeks as we navigate through the reopening of the business sector and would like to be a source of information for any business in our counties that is interested. If you would like to be contacted by the Health Department with specific guidance, please contact the Environmental Health Division directly at 906-779-7239 to be placed on a contact list for future updates as they become available. Information documents are currently in the draft stage but will be available soon.
